Tools	Github, VS code, Postman, other IDE's

EXPERIENCE

Trainee P INTELLECTS Info Solution PVT.LTD	7 Jan - 31 Jan 2025 <i>Hadapsar, Pune</i>
--	--

- Achieved 30% growth for MERN using React, Node, and MongoDB skills.
- Led React which led to 50% of improvement in MERN

PROJECTS

CodeX Club: Developed a responsive and user-friendly website for CodeX Club to highlight its activities and events, using HTML, CSS, and Bootstrap for a clean and modern UI. ([Try it here](#))

Portfolio: Created an engaging and responsive portfolio template, and made the code open-source so that anyone can use the template for their own portfolio. Designed and developed the website using React.js to ensure a clean UI and responsiveness ([Try it here](#))

College Prediction: Built a project that predicts which college will be allotted to a student based on their category, JEE/CET score, and branch preference. Developed the project using HTML, CSS, and the Flask framework.

EXTRA-CURRICULAR ACTIVITIES

- Codelite hackathon**: Organized a national-level hackathon as Joint Lead, showcasing leadership, teamwork, problem-solving, coordination, event management, and strategic planning skills.
- I regularly organize coding events in our college, such as a Web Designing competition for 1st and 2nd-year students, and CodeHunt, a problem-solving competition.

LEADERSHIP

- Marketing Lead** – FOSS Club, PDEACOEM: Promoted open-source initiatives as a part-time role while contributing full-time to community growth.
- Event Coordinator** – Codex Club, PDEACOEM: Coordinated and managed coding events, ensuring smooth execution and active student participation.
